Every day, companies across North America rely on Livingston to manage all aspects of their exports – from point of origin to final destination.

Freight forwarding

Export Documentation Services

Every day, companies across North America rely on Livingston to manage all aspects of their exports – from point of origin to final destination.

Global trade is increasingly more attractive for companies that want to expand into new markets. However, there are compliance requirements and processing costs associated with preparing and managing exports. These factors must be carefully considered by the exporter.

If you're looking to expand your business into new international markets, **Livingston's Export Documentation Services can simplify the process.** We'll handle all of your export documentation requirements, including filing of shipper's export declarations and handling of carrier invoices, helping you smoothly and seamlessly expand your products and services throughout North America and around the globe.

We'll provide the resources and expertise needed to make you an efficient and effective exporter, leaving you free to focus on your core business operations and enhancing your success when competing in the global market.

How you'll benefit

- Gain internal efficiencies by outsourcing the preparation, management and storage of your export documentation to Livingston's experts.
- Enhance your export compliance and strengthen your customer relationships through our stringent quality control procedures.
- Experience cost savings through our global network of reliable freight carriers.
- Stay ahead of the competition with market intelligence on international shipping rules and regulations.

About Livingston
